1805000000 Cocoa - powder

Full information of the products you can find on the website www.kommunarka.by.

Only natural and environmentally clean raw materials are used in the production.

The factory's undisputable advantage is a correspondence of the quality and the price. The whole process of working up of cocoa beans is carried out directly at the factory that makes it possible to achieve a thorough control of the quality of the production output. So the quality and wide range of products are the competitive advantage.

The factory possesses the following management systems:

- Quality management system according to ISO 9001-2009 ,
- DIN EN ISO 9001:2008 in the system DAkkS
- HACCP
- environmental management system
- OSH management system

The factory offers flexible conditions of cooperation. The quantity of shipment has no limits. The shipment can be made on FCA, DDU and other supplying terms according to the clients' preferences. The conditions of transportation and storage must be from 15 C to 21 C, the humidity is no more than 70 %.

JV JSC "Kommunarka" is interested in establishing long-term business relationships.
