Dear Sirs!

OJSC "BSW - Management Company of "BMC" holding" successfully cooperates with different European companies, our products are of high quality and well known all over the world.

Open Joint Stock Company 'Mogilyovski Metallurgical Plant' is in the holding from 2006. In 2014 new activity in close cooperation with Danieli was established, namely production of forgings.

The list of products includes different types of rough forgings from carbon, alloyed and heat-resistant steels.

Type of rough forgings	Size
Rough axles for railway rolling stock	Acc. to GOST
Plain round shafts	D=150÷650 mm; L=1000÷2500 mm
Plain shafts of variable cross-section	D=150÷650 mm; d=150÷600 mm; L=1000 до 2500 mm
Plates	A to 650 mm; h = 150 ÷ 250 mm; L = 1000 ÷ 2500 mm

Description of equipment	Technical features
Hydraulic press of open die forging	Max. operating force of forging 1100 tons
Two manipulators	Capacity 3t.
Gas-type reheating rotary hearth furnace	Useful size of box 8200 (wall to wall)
Heat-treatment box furnace	Useful size of box, mm 3200x3800 (wall to wall)
Shot-blasting machine	Speed of rotation revolutions/min 2930

Our advantages:

- In-house raw material base (metal scrap);
- Wide range of steel types;
- Compliance with all requirements of domestic and foreign standards (GOST, DIN, EN, ISO);
- qualified staff;
- presence in the markets of Belarus and other countries for more than 30 years.

In case our proposal is of interest to you, we are ready to organize a meeting for detailed discussion of cooperation with you.

All the questions you may have will be answered by representatives of our holding:

Chief engineer of OJSC 'MMZ' – Alexander Grakov – tel.: +375222741590,
<http://www.mmz.by>.

Head of marketing dpt. of OJSC "BSW - Management Company of "BMC" holding"- Andrei Volkov – e-mail: markdir@bmz.gomel.by or call +375233455789.

Best regards,
Deputy general director
