Dear Sirs,

Please accept our sincere regards and respect.

«Belmedpreparaty» - the leading pharmaceutical enterprise in the Republic of Belarus, since 1929. The enterprise is the leading one among all the pharmaceutical enterprises in the Republic of Belarus in production capacities and supplying of pharmaceutical products. The enterprise produces 360 sorts of pharmaceutical products of different pharmacological groups. «Belmedpreparaty» has modern high-technology equipment and is the leader in the manufacture of the following pharmaceutical products:

- Insulin;
- Products for the cancer and tuberculosis treatment;
- Narcotic products and Psychotropic substances;
- Antibiotics and other

has been issuing almost all types of dosage forms:

- Tablets with different coating, and without them;
- Hard and soft gelatin capsules;
- Solutions for injection and infusion in vials and ampoules;
- Lyophilised and sterile packaged powders for injections and infusions;
- Eye drops;
- Ointments, creams and gels.

The important place of the enterprise' product list belongs to anticancer products: Fludarobel, Leucladine, Methotrexate, Paclitaxel, Cytarabine, Oxaliplatin, Zoledronic acid and others. Especially the enterprise is proud of the original medicine for photodynamic therapy of oncological diseases - Photolon. Manufacture of pharmaceutical products is certified for compliance with GMP, the enterprise implemented a quality management system in compliance with ISO 9001-2001.

«Belmedpreparaty» is supplying products to 14 countries, such as Russia, the Ukraine, Kazakhstan, Azerbaijan, Vietnam, Iraq, USA and others.

We are truly interested in developing our export potential, market development and inviting you to collaborate with us in the following directions:

1. Supplying finished pharmaceutical products of «Belmedpreparaty».
2. To organize Joint venture Company for the partial performance of certain production processes at the territory of partner (filling and packing of pharmaceutical products of «Belmedpreparaty»).
3. Other forms of cooperation (to organize Joint venture Company for the production of pharmaceutical products based on production capacities of «Belmedpreparaty»).

In attachment, please find the product list of «Belmedpreparaty», also with promotional materials about enterprise and products for your reference.

We are ready to provide you with all necessary and needed information (contact information: phone/fax: +375 17 213 17 28, e-mail: [export17@belmedpreparaty.com](mailto:export17@belmedpreparaty.com)).

In case of your interest we are ready to organize the meeting for discussing the possibilities of cooperation at any time convenient for you.

Best regards,
